

Yuemin(Austin) Yu

📍 Hong Kong/Shanghai ✉ yuyuemin@connect.hku.hk ☎ +852 5575 2418 🌐 yuyueminaustin.github.io
in Yuemin Yu 🌐 YuyueminAustin

Education

<i>MPhil in Computer Science, The University of Hong Kong</i>	<i>Sept. 2025 - June 2027</i>
◦ Supervisors: Prof. Chenshu Wu , Prof. Chuan Wu	
<i>BEng in Computer Science, The University of Hong Kong</i>	<i>Sept. 2021 - June 2025</i>
◦ First Class Honours , cGPA: 3.60/4.3	
<i>Exchange Student, University of Toronto</i>	<i>Jan. 2024 - Apr. 2024</i>
◦ cGPA: 3.43/4.0	

Publications

<i>[C1] Temporal Modeling of Room Impulse Response Generation via Multi-Scale Autoregressive Learning</i>	Interspeech 2025
◦ Authors: Sheng Lyu, Yuemin Yu , Chenshu Wu	
<i>[D1] Statistical Acoustic Sensing For Real-Time Respiration Monitoring and Presence Detection</i>	Mobisys' 2024 Demos
◦ Authors: Sheng Lyu, Ruiming Huang, Yuemin Yu , Chenshu Wu	

Projects

Real-Time Respiration Monitoring and Presence Detection <i>HKU AIoT Lab</i>
◦ A web application which implemented novel acoustic sensing algorithm
◦ Provided ubiquitous and non-invasive sensing on breathing and presence based on acoustic signals
IR-UWB Radar based Breathing Rate Estimation <i>HKU AIoT Lab, in progress</i>
◦ Applied algorithms on IR-UWB signals to estimate breathing rate of the user

Experience

Research Assistant, <i>HKU AIoT Lab</i>	<i>June 2023 - June 2025</i>
Supervisor: Prof. Chenshu Wu, School of Computing and Data Science, HKU	Hong Kong
◦ Completed Summer Research Internship of the Department, 58 participants in total	
Mitacs Research Intern, <i>The Hu Lab, Western University</i>	<i>June 2024 - Sept. 2024</i>
Supervisor: Prof. Pingzhao Hu, Department of Biochemistry, Western University	London, Canada
◦ Worked as Research intern in the lab, with the support of Mitacs Research Internship Award	
◦ Initiated the project of Machine-learning Assisted Wearable Sensor design	
Student Teaching Assistant, <i>School of Computing and Data Science, HKU</i>	<i>Sept. 2022 - Nov. 2022</i>
	Hong Kong
◦ Worked as a student teaching assistant for the course ENGG1330, an introductory programming course	
◦ Conducted tutorials on a weekly basis, responded to students' questions	

Awards

HKU Postgraduate Scholarship (full tuition and stipend)	<i>Sept. 2025 -</i>
HKU Foundation entrance scholarship (full tuition)	<i>Sept. 2021 - June 2025</i>
Dean's Award, Faculty of Engineering, HKU	<i>Sept. 2021 - June 2022</i>
Mitacs Globalink Research Internship Award Candidate (Western University)	<i>Feb. 2024</i>
Exchange Scholarship, HKU	<i>Mar. 2024</i>

Abilities

Programming Languages:

Python (Numpy, Pandas, Pytorch), Java, C++, Haskell, HTML&CSS, Javascript, SQL, R

CS Related Courses:

- Core: Computer Organization (A), Discrete Mathematics (A-), Computer Networks (A+), Algorithm Design & Analysis & Complexity (A-), Principles of Operating Systems (A)
- AI related: Introduction to Deep learning for computer vision (A+), Machine Learning (A-)
- Other: Bioinformatics (A), Web Programming (A+), Programming I (Python, A-), Programming II (Linux and C++, A),

Maths & Stats Related Courses:

Fundamental calculus (A+), Linear Algebra & Probability & Statistics (A), Statistics: Idea and Concepts (A), Multivariable Calculus

Speaking Languages:

English (Obtained IELTS 7.5 with 7 in speaking in 2023.03), Mandarin (Native), Cantonese (Basic)

Activities

Peer Mentor of Faculty of Engineering, HKU	<i>Aug. 2023 - June 2025</i>
Member, Team INVENEER, finalist, AWS Educate Business Innovation Competition 2022, AWS HK	<i>Oct. 2022</i>
